## PROMOTER MESSAGE:

**Welcome to BSTC!**

**Our endeavor at Binary Skill Development Training Centre is focused on only three aspects as far as Skill Development Training is concerned.**

**One, we want to continue research on requirement of Skill Development  and training competencies by the rapidly globalizing and fast changing business landscape. This research must be done with continuous dialogue with the industry in structured methods.**

**Two, we want to research and develop teaching methodologies which are driven by the sole objective of developing the right competencies in our trainees. We want to be responsible for this and we want to evaluate ourselves only in light of this.**

**Three, we want to benchmark ourselves only with the top Skill Development training centre and also want to go a step ahead in creating proprietary systems and processes to develop and their skill.**

**We are committed and determined in our approach to achieve our objectives. We have set up BSTD are in all area of Gujarat very soon.**

**Mr. A. J. Raja**

We are in IT Education business since last 20 years, BSTC a Brand name founded by Young IT entrepreneur Mr. Abdul Kadir Raja. Our Journey begin in 1992, to Established Computer training Institute at Anand with 2 nos of computer, Now a day we are a leading Computer Training institute in area as well as central Gujarat. We trained more than 12500 Students in Last 20 Year. Our students placed in various Government, Semi Government Departments / Industries and Service sectors enterprises.

# Our Vision :

BSTC is one of the most recognize incubator for first generation entrepreneur to developed and polish their skill for professionalism, It is started by young enthusiastic, experienced and technically sound professionals Mr. A. J. Raja & Mrs. F . A. Raja. We supported by team, equally capable, committed and customer friendly Master Trainers, Trainers, Engineers and Designers. Our vision BSTC has become a "School of Employment" through its satisfactory training and placement wing. We also want create self employment opportunity for all trainee. We have well-trained and experienced technical staff that is ever willing to offer their services with a smile.

We planned to spread our expertise to all over Gujarat's rural as well as urban area.

- ✓ To install a network of Multi-purpose business/ education centres to provide various services and training to public.

- ✓ To equip the public to face the future through systematic e-literacy programs.

- ✓ To enhance rural connectivity infrastructure and thereby find a market for rural products in urban centers.

- ✓ Generate employment opportunities in urban as well as rural area.

- ✓ To bridge the knowledge divide that exist in many areas of Gujarat

- ✓ To create a community that is equipped to use IT awareness for economic and social development in field of social as well as health care vertical.

- ✓ To enable individuals and societies at large to access information, education and other facilities

- ✓ Development of the core sectors including education, health, hospitality, human resources etc.

- **Generate Skills in unemployed youth of Gujarat to get better opportunity and make their own as well others life comfort by providing support after complete their skill training as per their ability & requirement of local scenario of rural as well as urban area.**

As per our Chief Minister Mr. Narendrabhai Modi's mission "Each and every youth of Gujarat is employable."
