

Introducing
the ultimate revolutionary
GICORI
1-1000
- Industrial
multipurpose wonder!

With 1000+ uses in one powerful product. Say goodbye to cluttered shelves filled with numerous cleaners. From lubricating to rust removal, degreasing. **Eliminating rust, dust, draining out moisture, cleaning oil & grease - this all in one. Solution dose it all.**

Simplify your maintenance routine and boost efficiency with **GICORI 1-1000**.

Get ready for smoother & more productive work environment today!

Features

- Protects metals from corrosion
- Loosen metal parts.
- Displace moisture.
- Stop squeaking.
- 360 spray valve
- Can be for hard to reach areas
- Even used upside down.
- Lubricates.

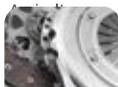

Applications

Automotive Industry

Maintenance of electrical & pneumatic tools

Railway Industry

Nuts & Bolts

Prevents rust

Lubricates Hinges, locks, castorwheels & more

GICORI

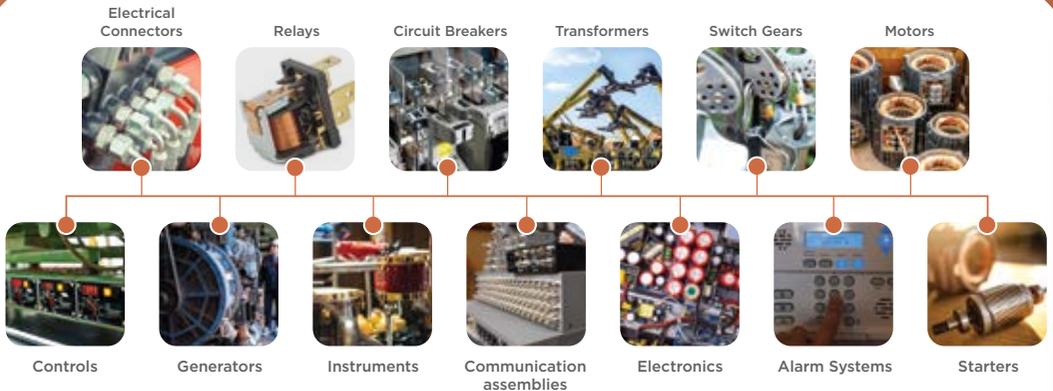

Electro-Clean

Precision Contact Cleaner

GICORI Electro-Clean is a reliable maintenance solution for cleaning and safeguarding metal parts in electrical and electronic equipment. Specially formulated **to prevent issues caused by moisture, humidity, and corrosion**, it ensures smooth operation and longevity of components. With its low surface tension and excellent capillary action, **GICORI Electro-Clean** penetrates deeply to clean thoroughly without leaving any residue, making it ideal for sensitive electrical systems.

Applications

Ideal for protecting, lubricating, and restoring:

GICORI Brake-Clean Precision Parts Cleaner

GICORI Brake-Clean is a high-efficiency cleaner designed to remove grease, oil, brake fluid, and other contaminants from precision brake parts and other mechanical components. Its fast-drying formula ensures no residue is left behind, providing superior cleaning performance for improved braking efficiency. Suitable for use on metal surfaces, **GICORI Brake-Clean** restores parts to optimal working condition without harming sensitive materials.

Applications

Brake parts

Clutches

Disc brakes

Drums

Linings

Cylinders

Springs

Mechanical
assemblies

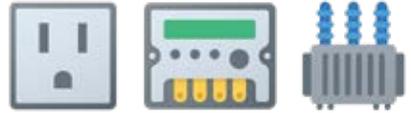

Precision
metal parts

ELECTRO-CLEAN SOLVENT

ELECTRONIC CONTACT CLEANER

Solvent-Based | Fast-Drying | Precision Cleaning
Safe on Sensitive Electronics

APPLICATIONS:

GICORI Electro-Clean Solvent is a high-performance, fast-drying electronic contact cleaner designed to remove dirt, grease, and oxides from sensitive electronic components. Its solvent-based formula ensures quick evaporation, leaving no residue behind, making it ideal for restoring and maintaining the efficiency of electrical contacts, switches, and connectors.

CHAIN SHIELD

HIGH-PERFORMANCE CHAIN LUBRICANT

Fully Synthetic | Eco-Friendly

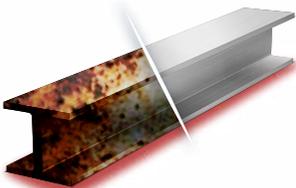

Superior Lubrication | Water Resistant
Long-Lasting Protection | Reduces Friction

GICORI Chain Lube is specially formulated to provide exceptional lubrication and long-lasting protection for all types of chains. It reduces friction, prevents rust, and extends the lifespan of chains, ensuring optimal performance even in challenging conditions.

GALVA ZINC-COAT

PREMIUM ZINC-BASED PROTECTIVE SPRAY

Introducing Galva Zinc-Coat. The ultimate solution for long lasting, high-performance cold galvanizing protection, formulated with 99% pure zinc, Galva guard provides corrosion resistance, ensuring your metal surfaces remain rust free. Durable even in hardsheet environment
