

FAKHRUDDIN JIWAJI

Scrap Recycling & Trading

Location: Wankaner (Gujarat) | Phone: 9825215152

About Us

Fakhruddin Jiwaji is a trusted scrap recycling and trading business based in Wankaner, Gujarat. We specialize in collecting, sorting, processing, and recycling different types of metal and industrial scrap. Our facility includes hydraulic scrap baling machines and organized scrap storage areas to efficiently process and prepare scrap for recycling industries.

Our Services

- Scrap Collection from factories, workshops, warehouses, and industrial sites.
- Scrap Processing using hydraulic scrap baling machines.
- Bulk Scrap Trading for steel plants, foundries, and recycling industries.

Types of Scrap We Handle

Ferrous Scrap: Iron scrap, heavy melting scrap, machine scrap, structural steel.

Non-Ferrous Scrap: Aluminum, copper, brass, motor scrap.

Industrial Scrap: Machinery parts, fan motors, electrical equipment.

Mixed Scrap: Household metal items and appliance scrap.

Why Choose Us

- Reliable scrap collection
- Competitive scrap pricing
- Efficient scrap processing
- Large storage capacity
- Trusted scrap trading partner
